Hi Team,

I regret to inform you that I will be resigning from my post as an IT Staff effective today, Tuesday, January 30, 2024. I have been so hesitant to leave my post, but due to some personal reasons, I have accepted the opportunity that has been offered to me by another company.

I will surely miss the support team, especially the I.T. team, which has bonded with me for a long time. It has been a pleasure working with the team for almost 5 years. I have been so thankful for the experience and knowledge that I have acquired over the years, which will surely aid me in my future endeavors.

I am wishing for the company's success as well as for the rest of the team in the future.

Thank you for understanding, and I hope to see you guys around.

Sincerely,

Jibson Banggo
