Dear Ma'am,

I am writing this letter to inform you about my immediate resignation as a Payor Change Insurance Dialer Representative.

I will be resigning because I will be taking care of my 2 months old daughter since I am on breastfeeding and I am in the province. As a mom of two, I need to be there for them. I would like to bid my farewell from the team it would be hard for me since I have been quite that long with the company already and has given me a lot of opportunities to achieve my goals and provide my family needs within the period I was with iPloy.

It's a great pleasure and opportunity to be part of the team and I'm very happy to experience everything with the support of everyone. Moreover, I am so thankful as well for the memories that has been made with the new friends I earned. Wishing the company and the team the very best moving forward.

Sincerely,

Chenny Fajardo Mira
