To whom it may concern:

This is Josh Donasco EID #3148. Please take this email as formal letter of resignation effective immediately 04/30/25. I am thankful for my almost 3 years in the company, I learned and gained a lot of skills that would futher help me move forward. I could not disclose the reason for my immediate resignation for the reason that it won't even matter if I make or file a complaint. I would only be a walking target for the others and I don't want any trouble.

Hoping for your kind understanding

Yours Sincerely
Jushua Donasco
