Dear All,

I hope this message finds us well. It is with a heavy heart that I must tender my resignation, effective today.

Unfortunately, I am facing unexpected and challenging family issues, coupled with health concerns, which demand my immediate attention and focus. In light of these circumstances, I believe it is in the best interest of both myself and the company for me to send my resignation since I have also lots of unscheduled absences because of the said issues I am experiencing right now.

I have truly valued my time at iPloy and appreciate the opportunities for professional growth it has provided. I am grateful for the support and camaraderie of my colleagues that turns as my friends as well. I have gained lots of friends in my stay there and I am very grateful of that.

I sincerely thank you for your understanding during this difficult time. I am grateful for the support I have received from the team especially to TL Jerome and TL Ace.

Wishing iPloy a continued success in the future.

Sincerely,

THERESE C. ALVAREZ
