Dear Sir/Madam,

I am regretfully writing to notify you that I am resigning from my position as a voice customer representative under the Verio department with iPloy. I intend that **May 4** will be my last full day of employment.

I apologize as I will only be able to render 2 weeks, as I just want to finish the whole month of April and be able to give even a little time for some of my tasks to be taken care of.

I truly appreciate the opportunities I have been given during my time with your company, as well as your professional guidance and support.

I wish you and the company the best of success in the future.

Very sincerely,

Nerissa T. Lamosao
