

October 14, 2023

Dear Employee Relations,

I regret to inform you that I would tender my resignation as a customer service representative. I will no longer report to duty on October 16, 2023.

My development in the BPO field is greatly aided by my employment with the organization. My communication skills and ability to interact with customers were greatly improved via Iploy.

Iploy has a lot to give its employees, but since I support both my academic endeavours and the family's income, there is a much greater opportunity that offers even more that I am unable to turn down.

I value the chances for improvement and advancement you have given me throughout my employment. I appreciate your advice and assistance.

Sincerely,

Lienevelle Bayawa
Customer Service Representative
