Hi All,

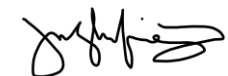

Please accept this letter as my formal notice of resignation from my position as a Documentation Specialist at iPloy OPC effective February 27, 2026.

In every decision we make in our lives we hope for nothing but a great future that awaits us. This company has been my comfort zone and leaping to a different opportunity seemed to be uncomfortable for me. But as for me, no one is meant to stay in one place, we are destined to explore the other side of the wall. I have decided to leave the company and venture into a new career path to grow professionally.

I appreciate the opportunities of growth and development during my tenure. I have enjoyed working here and am grateful for all the guidance, support, and opportunities given to me.

I wish you and the company the very best going forward.

Sincerely,
