Hello TL Trina,

I am writing this letter to formally resign from my position as a Agent , effective May 20, 2024, in accordance with the notice period.

I am appreciative of the chances this position has offered me , as well as the encouragement and support you and the other members of the management team have given me. Trainer Sheena did a well done job , I learned a lot of new things. It's a great oppurtunity to be part of Iploy on a short period of time , but sadly to say that I need to leave the company because of my health issues.

Thank you once again for your guidance and support throughout those training days. I wish everyone at Patient Pay all the very best.

Sincerely
Trisha Mae Paglinawan
