Dear Jason Bacon,

I hereby submit my immediate resignation from my position as Customer Service Representative at Iploy Inc. effective today, January 22, 2026. However, if this is not feasible, I am willing to continue working until February 22, 2026 to ensure a smooth transition of my responsibilities.

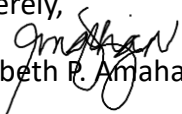

Due to my ongoing management of epilepsy, I've found it challenging to maintain work performance, particularly with the night shift schedule. Despite medication adjustments since December 17, 2026, I experience symptoms like auras and chest pain, which are exacerbated by night shifts and lack of rest.

Although my doctor has provided a fit-to-work certification as of January 22, 2026, they have advised that working night shifts is a significant trigger for my condition. Given this, and after careful consideration with my family, I've decided to prioritize my health.

For now, I will focus on managing my condition and exploring future opportunities. If my seizures become more controlled with my medication, I plan to seek work-from-home arrangements that better suit my health needs.

I appreciate the opportunities I've had and am grateful for the support.

Thank you for your understanding.

Sincerely,

Elizabeth P. Amahan
