

# JANINE CARCUEVA

## Profile

A thoughtful, hard-working, well trained, and highly motivated future nurse with growing medical practices in an influential hospital. Endeavoring into practice learned knowledge and skills. Acquires the essential skill set to perform effectively under pressure and has the expertise to deal with any medical emergency or crisis. Outstanding interpersonal abilities as well as a committed worker with a direction-finding mindset.

## Work Experience

**2022**

Clinical Student Nurse at Various Hospitals

-

**2024**

- Eversley Childs Sanitarium and General Hospital
- Cebu Provincial Hospital - Carcar City
- Cebu South Medical Center
- Saint Anthony Mother and Child Hospital
- Our Lady of the Rule Maternity and General Hospital
- Healing Hands Center for Renal Dialysis
- Southwestern University Medical Center

Improve critical thinking, problem-solving, analytical, and acute care skills to work well with critically ill patients. I provided direct patient care, monitored vital signs, assisted with daily activities, and documented patient information. I gained hands-on experience in basic procedures and collaborated closely with healthcare teams to ensure high-quality, compassionate care.

## Skills

- Easily settles conflicts and finds a solution.
- Remains composed and performed effectively under pressure.
- Works well with other medical professionals.
- Time-management skills
- Strong clinical judgment
- Initiative and strong work ethics
