To whom it may concern:

Greetings! I'm writing this formally resign from my position as Costumer Service Representative (Healthcare- Re auth Department) at iploy Cebu due to some reason.

I cannot wait longer for nothing for my status of being floating at work I have a lot of things to do instead of waiting.

I and my Coworkers believed that we signed the floating letter still we are with iploy but there is no accurate informations when we can work again.

As a breadwinner of my family I need to be more endependent and be wise on choosing my path.

I decide to apply another company who will keep us worth as an employee.

Thank you and appreciate during my time here, I leave with deep appreciation and hope the company with cross path again.

Warm regards,
