

Dear HR Department,

Good Day!

I hope this message finds you well.

I truly appreciate the opportunity you have given me, but I regret to say that I can no longer continue with the graveyard shift. I tried my best to adjust, but my body is really struggling. After two nights, I suddenly woke up with an intense headache and almost blacked out a while ago. It made me realize that I need to prioritize my health, as much as I want to push through.

I had the perseverance to push through, but my body just couldn't keep up with what my mind wanted.

If there are any openings for a day shift position, I would be very grateful if you could consider me. I still wish to be part of iPloy and contribute in any way I can. But if there are no available roles, I will have to respectfully withdraw my employment.

Thank you very much for your kind understanding.

Respectfully,
