Hi,

Certificate of Clearance (COC) was already provided together with your payslip, BIR 2316 and quitclaim.

Certificate of Clearance (COC) has the same purpose with Certificate of Employment (COE).

COC is given to separated employees while COE is given to active employees.

COC is electronically generated and no signature required. Should you wish to have it signed or request another copy with HRBPs signature, you may request from your site HR Ops.

Thank you.
