To whom it may concern,

I am resigning as customer service representative—PAP Resupply QA. Therefore, please accept this letter as a formal notice. As of today, January 30, 2023 I am no longer be employed.

Working with this company has been a pleasure. iPloy has helped me a lot especially during the pandemic. At first, it was a struggle adjusting with the schedule but I forced myself to believe that I can handle the night shift. It's been more than 2 years but I am still struggling, which in result, is affecting my mental and physical health. This is the main reason why I decided to resign from my post. I really want to prioritize my health. Additionally, I will be pursuing a career that relates to my degree and to get back on my regular routine.

I wish iPloy the very best. I've learned a lot from my 2 years of working here and I am grateful during my stay. I already built a very good relationship with my teammates and my onshore manager so I am writing this letter with the utmost sadness.

Please let me know if there is anything you need from my end and I appreciate your understanding of this matter.

Sincerely,

Josephine B. Timtim
