To whom it may concern,

I am giving my notice that I will be Resigning from my position as a Collector, Centralized Diabetes Patient Financial Services effective Immediately.

I have had a difficult time with this decision but feel it is necessary in order to be with my children as a full time at home mom. This is where I wish to concentrate and although I have been Employed in this Industry (BPO) for 8 years, the pull of my Family has directed my attention in a way that I cannot ignore.

It has been a great pleasure to work alongside all my colleagues and I will miss them greatly. I appreciate all that I have learned working with you.

Thank you and God bless.

Sincerely yours,

Iris D. Velasco
