To Whom It May Concern,

It is my pleasure to be part of a great community and a job culture that enabled me to push harder and better. I would like to impart my gratitude to everyone in the company for being a great support to my career.

Creating this letter pains me, as this will indicate the effective date of my resignation and it is **effective immediately today May 08, 2023**. I have come to a decision that I want to continue and focus on my academic career. I appreciate the opportunities that the company has offered. iPloy never failed to give their employees different opportunities and better experiences than what they should have.

Being in the company for 19 months affects me mentally as I have created a sphere of great talents and relations with the team that enabled me to work coersively with everyone in the company. Wishing all the best for the employees, all admin staff, and to the company.

Best regards,
