Immediate Resignation Letter

To er@iploy.com; hr@iploy.com

Hi,

Good day! I would like to immediately resign from the company since I'm taking a break from working as it is causing my physical and mental health. As you know, I got hospitalized before the New Year, and because of that, I would like to prioritize my health first. I don't also want to go back to work because my Team Leader Lovely Despi and Senior Team Leader Ellaine Grino are putting a lot of pressure on me and don't know how to sympathize with me.

I was fine working in the company, but working with such people is what makes it difficult. I hope you understand.

Thank you and God bless Iploy!

Best,
Zephora G. Seviles
