To whom it may concern,

Due to personal reasons, I would like to inform you that I am officially resigning in your company. Please accept this letter as my immediate resignation that I am leaving my position as Medical Biller with Solara entity. I never thought I would ever leave such a great company and the wonderful things around in iPloy.

I want to thank you personally for the experience which helped me define my goals. I have also thoroughly enjoyed showing my skills and the opportunities you have given me during the past five months. It's been great pleasure working with you and I wish you all the best for the company's future.

Truly yours,

Cheyene M. Malazarte
